ProActive Review Process:

Once we have implemented a plan and established accounts, our ongoing engagement includes monitoring. We have a process in place where your service team reviews your profile thoroughly each quarter. We have adopted strict standards to make sure things do not fall through the cracks. You will be communicated with throughout the process and we are always available for other things that pop up. We know that will happen. It is part of life. Just know that when things are quiet, we are working hard each Wednesday morning making sure your plan is on track.

Timing of the *ProActive* Review varies based on service model.

The Rosselot Financial Group believes the *ProActive* Review is critical to a client’s success. Our team dedicates over 1,000 hours annually to the *ProActive* Review Process. That’s 4 times as much as we spend acquiring new clients.
